

First on line International Lunenburg Lymphoma Biomarker Consortium

AGENDA

Thursday, October 15th 2020 : DIFFUSE LARGE B-CELL LYMPHOMA

Chair : Laurie Sehn and Cathy Burton

Europe 17.00-18.30
UK 16.00-17.30
US West Coast 8.00-9.30 AM
US East Coast 11.00-12.30 AM

17.00-17.05	Welcome	Ton
17.05-17.20	Round-robin interlaboratory test to detect for “double expressors”	Sarah/Wolfram
17.20-18.10	Subtype specific classification and refinement of Diagnostic Criteria of MYC-FISH+ DLBCL – including discussion on next round project	Yaso/Maria
18.10-18.30	General discussion on and proposals for further LLBC DLBCL studies	all

Friday, October 16th 2020 : FOLLICULAR LYMPHOMA

Chair : Christian Buske and Maria Calaminici

Europe 17.00-18.30
UK 16.00-17.30
US West Coast 8.00-9.30 AM
US East Coast 11.00-12.30 AM

17.00-17.45	Follicular Lymphoma –integrated immune microenvironment and molecular studies on “wait&see versus immediate treatment” and “stage I versus stage IV disease”	Wendy/Delphine
17.45-18.15	General discussion on proposals for further LLBC FL studies	all
18.15-18.30	Business meeting and planning for 2021/2022	Ton
